NIKOLAY SHATALOV

Frontend Developer | Software Engineer

(201) 912-9872   nikoobox@gmail.com   Portfolio   LinkedIn   Github   Brooklyn, NY

Skills

JavaScript, React, Typescript, React Native, Redux, Redux-Saga, HTML, CSS, Material UI

Summary

Experienced Frontend Developer specializing in JavaScript, React, TypeScript, and React Native, adept in collaborating with UX and design teams. Successfully built and maintained scalable customer-facing web applications and led a small frontend team focusing on internal tools development. Proficient in Material UI, Storybook, and data layer-specific libraries and technologies such as Redux and Redux-Saga. Committed to continuous learning through various courses, platforms, and conferences.

Experience

Bennie

Frontend Developer   May 2021 - Present
- Utilized ReactJS, Typescript, and React Native to build maintainable software given a complex set of requirements
- Led the frontend team in developing internal tools, consistently delivering bug-free code to production, which significantly improved the efficiency and reduced work hours of the data operations tea
- Collaborated with cross-functional teams to prepare appropriately scoped frontend epics and stories, ensuring a balanced workload within an agile methodology
- Leveraged Storybook to create a comprehensive design system by developing components in isolation, ensuring consistent and reusable UI elements across multiple apps
- Conducted thorough code reviews, cultivating a collaborative team culture focused on continuous improvement and ensuring high code quality standards
- Implemented unit, integration, and end-to-end tests, ensuring the robustness and reliability of frontend applications

Freelance Web Developer   June 2019 - May 2021
- Designed, built, deployed, and maintained fully responsive web apps for various clients in the US and worldwide
- Utilized Material UI, Bootstrap, and custom styling to build pleasant-looking and functional interfaces
- Implemented SEO best practices, enhancing online visibility for client websites.
